OGDEN COMPANY GETS CONTRACT

The Utah Construction company has been awarded a big contract on the San Pedro route for the construction of thirty miles of "rebuild" being a portion of the 120 miles of the Meadow Valley roadway that was washed out last year by high water.

W. H. Watts, vice president and general manager of the Utah Construction company stated last evening that work on the contract would be commenced at once. The portion of rebuild awarded to the company extends from the Caliente to Leith, a distance of thirty miles.

The job will include eight tunnels and most of the work will be heavy as the line is to be changed for a distance of nearly 120 miles, raising the same about fifteen feet above the present level where danger from high water will be reduced to the minimum.

Between two and three thousand men will be employed on the job as the work will be rushed from the start. It is expected that the entire work will be completed by March first. Each of the tunnels will need a gang of at least a hundred and the others will be distributed along the line to the best advantage. The contract for the section of rebuild adjoining the job secured by the Utah company, was awarded yesterday to Shaddock & Edenger of Los Angeles.

AMERICAN WOMEN'S LEAGUE.

Boise, Aug. 22.—A Boise circle of the American Women's league has been formed in Boise, which is the only one in the entire Northwest. This is part of a national organization which has headquarters at St. Louis, and the middle states are most prominent in accepting the new club. From the national office there are given to the members free of charge. Most of the Boise members are especially interested in the are department, which is one of the strongest in the league. It is hoped that the membership here will soon be large enough to insure a club house, which is built and operated by its promoters of the head office and loaned to the local club.

SALT LAKE AND STATE NEWS

ARREST WHITE SLAVE TRADERS

SALT LAKE CITY, Aug. 23.—In a shooting affray in the Greek section of Salt Lake City, P. P. Stathakos shot and fatally wounded Louis Toulos, and shot Gust Maritsas through the abdomen, inflicting a wound from which he may die. The shooting is said to be the result of activity on the part of the immigration officials who are conducting a white slave investigation among the Greeks here.

SALT LAKE, Aug. 23.—On a charge of importing girls to the United States for immoral purposes, three Greeks giving the names of George Parivolis, John Kamenaris and Apantolis Dematroula were arrested this morning by Lucian H. Smyth, chief deputy United States marshal, and will be held pending a trial on the serious charge of being procurers. Two Greek women giving the names of Ana Maya and Mario Parivolis are the alleged white slaves imported into this country by the trio.

The arrests were made after complaints were sworn to by Immigration Inspector Louis Adams of Denver, who is in the city on this particular case, having received advice from Sacramento, Cal., that the suspected persons were in a coffee house in Salt Lake. Inspector Adams located the men and women in the Paradise coffee house on Second South street.

This afternoon the three men will be taken before United States Commissioner Charles Baldwin, and will be arraigned and the time set for their hearing. The women will be held awaiting their hearing and the determining of the admissibility of deporting them from the country.

The offense of the men is punishable by five years in the government prison and that of the women by deportation to the country from which they came.

WHITE SLAVERS UNDER ARREST

Salt Lake, Aug. 24.—Deputy United States Marshall Smyth on Tuesday arrested three Greeks upon the charge of importing women into the United States for immoral purposes. The men were arrested at a Greek coffee house on West Second South street and gave their names as Geo. Parivolis, John Kamenaris and Apantolis Dematroula. It is charged that they brought Anna Mega and Morica Voulatas to this country from Greece about March 28 last. The men are now in the county jail and the two women are held to await action of the United States immigration department in regard to deportation to their native land.

The men were arraigned before United States Commissioner Charles Baldwin on Tuesday and their bonds were fixed at \$750 each, in default of which they are now in jail. Their hearing is set for September 15. The complaints against the men were sworn to by Louis Adams, United States immigration inspector in charge at Denver. The women were reported as soon as the necessary order is received from Washington.

The penalty for the offense charged against the three men is punishable by imprisonment in the federal prison for a term of five years.

ESCAPED CONVICT IN PRISON.

Provo, Aug. 24.—It has just been learned by local officials that Charles Bishop, who was sentenced in the fourth district court of this county June 12, 1897, to serve eight years in the state prison for burglarizing the store of Boorey & Wood, and who escaped from the prison May 30, 1899, is now serving time in the government prison at Leavenworth.

County Attorney Evans is getting out requisition papers, when signed by Governor William Spry, will be placed in the hands of Wardens A. C. Ure and H. C. Packard of the state prison, who will go to Leavenworth and re-arrest Bishop as soon as he is released from the government prison, which will occur on September 7.

DR. R. J. HYATT

CROSSES DIVIDE

Salt Lake, Aug. 24.—Many friends throughout the entire intermountain region will learn with sincere regret of the death of Dr. R. J. Hyatt, who for six years was section director of the United States weather bureau in Salt Lake City, which occurred at his residence, 1010 North East street, at 9 o'clock Tuesday morning. Death resulted from a complication of Bright's disease and dropsy, from which the doctor had suffered for the last eighteen months. For a year Dr. Hyatt had been on the retired list and A. H. Thieszen of Indianapolis has been observer at the local office, but the doctor made periodic visits to the office, although unable to do but little work. Dr. Hyatt is survived by a widow and three daughters—Margaret, aged 16; Louise, 15; Clara, 12—and a married daughter by his first wife, who is now Mrs. Emma Dentry of Washington, D. C. The funeral will be held under the auspices of the Masonic lodge, but arrangements have not yet been completed.

Dr. Hyatt was born in Washington, D. C., of an old Virginia family, November 11, 1850. At the age of 18 he entered the signal corps of the army at Fort Myer and at the same time pursued an extended course of study at George Washington university, where he obtained his medical and dental degrees. Dr. Hyatt practiced dentistry for awhile, but finally returned to the signal corps service, and he was detailed for duty at Cincinnati, then at San Francisco, Mo. From Vicksburg and Hantbal, Mo. From the latter post he was transferred back to Vicksburg, where he served eight years with great credit to himself and the service. Dr. Hyatt here made his record as a reliable forecaster, and in 1894 was transferred to St. Louis, where he remained until 1903, the date of his first transfer to Salt Lake, succeeding L. H. Murdock, transferred to Galveston. In Salt Lake Dr. Hyatt made an enviable record as a reliable forecaster.

For over a year the final result of

the doctor's malady was plainly apparent to his friends, although he always maintained that he was gradually recovering. Last Friday Dr. Hyatt was at the weather bureau and on Saturday, he was out watering the lawn. On Sunday morning he was seized with a chill, in the afternoon he lapsed into unconsciousness and never regained his senses.

LOCAL 'CHANGE GAINS STRENGTH

SALT LAKE, Aug. 23.—Stocks were stronger throughout on the local board today, with more of a buoyancy than has been shown this week. The smaller securities received considerable attention today due to physical conditions. The first of these to be brought into prominence was May Day which sold up from 4 1/4 cents to 5 1/4 cents. This property will shortly begin company work again. The report of the New York Bonanza following a fine fissure bearing some galea caused activity in the stock. Considerable stock was transacted in Columbus Consolidated sold from 82 to 84 cents and down to 80 cents at the close. Iron Blossom anchored at 56 cents today and was unchanged throughout.

In spite of the fact that Ohio Copper has been fully financed it moved slowly in the east and also on the local exchange today. Apparently the property has not received enough public confidence from any heavy buying. On the local market it sold up from \$2.07 1/2 to \$2.12 1/2.

The total number of shares of securities transacted in this morning was 32,595, representing \$7,029.13.

There was but little activity shown on the curb market this morning and trading was small. Opex was stronger today with a fair amount of trading. The sales were 1,000 shares of Bingham Central Standard at 14 cents; 500 shares at 14 1/4; 3,000 shares of Opex at 38 cents and 695 at 37 1/2.

FIRST DEGREE MURDER CHARGE AGAINST BOTH

SALT LAKE, Aug. 23.—Following the death yesterday of John P. Brennan, as a result of bullets fired by Roy Armstrong, a negro, in a duel Saturday night, both Armstrong and his white consort, Ray Woods, are under arrest on a charge of first degree murder. Armstrong is still lying in St. Mark's hospital under guard, but it is expected that he will sufficiently recover from his wounds to permit his removal to the county jail within a few days. Ray Woods, the white woman and mistress of the colored man, who at first was held only as a witness, but after investigation was yesterday charged with being an accomplice in the murder of Brennan, has been removed from the city jail to the county jail, to await her arraignment upon the charge.

In the investigation conducted by the county attorney's office it was learned that in the presence of several people the threat had been made by Armstrong and his white consort that "they would get Brennan." Mrs. Brennan will be a material witness as she will bear testimony to the fact that Armstrong sought her husband, and that the pistol duel was begun by the negro.

As soon as Armstrong is able to be removed from the hospital he will be taken to the county jail. His most serious injury is that of a shattered arm, but his condition is such that a rapid recovery is looked for.

FIREMEN MEET AT SANDY ON THURSDAY

Sandy, Aug. 22.—The biggest event in the history of Sandy will be held here Thursday, when firemen from all over the state hold their annual tournament in this city. More than \$500 in prizes will be distributed among successful contestants in the events of the day. The real doing will begin at 10 o'clock, when a mammoth parade, in which many fire departments will be represented, will wind its way through the principal streets of the town. Following the parade a programme will be rendered in Allison's grove. At this function, Mayor W. D. Kuhre will deliver the address of welcome and will turn the keys of the city over to the visitors. Mr. Phil Bentz of Murray and Mayor Hyrum Goff of Midvale, together with city councilmen from each town, will be present. Luncheon will be served in the park at 12:30. More than fifty young girls of this place will see to it that every one has enough to eat. The Sandy City band of thirty pieces will be the prime movers in the musical line.

At 2 o'clock the big list of sports will be pulled off in the Sandy City park. The most hotly contested event of the day will be the horse cart race for the silver cup and also for the championship of the state. Bingham, Murray, Mercer and Sandy are looked upon as the strong contestants for the prize.

A track team entered will run a distance of 100 yards, attach the fire plug, lay 100 feet of hose, break

Beyond Your Reach?

Don't worry about the foods that are beyond your reach. Cut out the expensive foods for a while. You can get along without them—but you will need something besides starchy vegetables to sustain strength. Make your "meat"

SHREDDED WHEAT

It contains more real body-building nutriment than meat or eggs. It is more nourishing, costs much less. It is always the same price—always clean—always pure—always the same. Your grocer sells it.

ALL THE "MEAT" OF THE GOLDEN WHEAT

Shredded Wheat Biscuit is made of the whole wheat, steam-cooked, shredded and baked in the cleanest, finest food factory in the world. It is ready-cooked, ready-to-serve. Two Shredded Wheat Biscuits heated in the oven to restore crispness, and eaten with a little hot milk, and salted or sweetened to suit the taste, will supply all the energy needed for a half-day's work. If you like it for breakfast, you will like it for any meal in combination with vegetables, baked apples, sliced bananas, stewed prunes or other fruits.

coupling and put hose on hydrant. Each team will consist of not more than sixteen men.

During the evening the city will be illuminated with electric lights. Later, special cars will be taken to Midvale, where a ball will be given in the Imperial dancing pavilion.

FATHER E. DONNELLY IS NOW IN DISGRACE

Salt Lake, Aug. 24.—Rev. Father Edward Donnelly, who has exercised the faculties of the diocese of Salt Lake at Bingham and Tooele, is no longer a recognized Catholic priest of the diocese, because of having imbibed too freely of the cup that cheers, but also inebriates. His faculties have been revoked by order of the Right Rev. Laurence Scanlan, bishop of Salt Lake, with the added warning that he has no claims on the Catholic people.

About six weeks ago Rev. Father Donnelly came to Salt Lake from the east. He had the proper credentials to show that he was a priest in good standing and was assigned to Bingham and Tooele, alternating in services at the two places. Recently he began drinking heavily at Bingham and within the past few days was brought to the Holy Cross hospital suffering from delirium tremens.

Rev. Father Donnelly has much of the soldier of fortune in his makeup. He was ordained a priest in Australia. During the time of the Boer war he went to the Transvaal and served as a priest during that bloody conflict. After the war he came to America. For a number of years he drifted from one eastern city to another, finally finding his way to Salt Lake.

SOCIALISTS AND SOLDIERS IN SPECTACULAR CLASH

Salt Lake, Aug. 24.—Charged with assaulting an officer in the discharge of his duty, G. Walker, a bystander in the crowd listening to the Socialist speaker, W. F. Kerns, on the southwest corner of Second South and State streets, was arrested and taken to the police station Monday night, when soldiers of Fort Douglas assaulted the Socialist speaker. The soldier Walker was fixed at \$100. Socialists hearing that one of their number had been arrested, called at the police headquarters, but when they learned who Walker was, declined to furnish his bail, stating that he did not belong to the party. James Whyte, another bystander, was also arrested, but was released later. The ring-leader of the soldiers was also arrested and taken to police headquarters, but was released without being booked.

A Socialist speaker, was speaking on the corner when a number of soldiers appeared and started to disturb the meeting. One of their number finally threw a bad egg at the speaker. Kerns jumped off the box on which he had been standing, whereupon one of the soldiers struck him. Sergeant Johnston pushed through the crowd and when he attempted to reach the men, Walker struck him under the ear.

Patrolman Cassidy, who was also pushing his way into the crowd, then stopped the fight by knocking down Walker. Patrolman Hinton took Walker to the station and Lieutenant Hempel arrested Whyte.

At least 1,000 persons gathered as if by magic around the struggling men as soon as the trouble started, but the police had no difficulty in dispersing the crowd. When the crowd had been dispersed a woman mounted the cracker box and began to deliver a Socialist speech. The soldiers did not molest the speaker, but one of their number secured another fellow soldier to reach the speaker and argue the crowd. The cheering of his fellow soldiers drowned the voice of the woman speaker, who then gave up her effort to address the crowd gathered around her.

George Pancake, chairman of the committee on speaking, said that the speakers would continue to address the crowds regardless of the threats of the soldiers to break up the meeting. William Thurston Brown, Jas. Smith, president of the B. R. T.; W. J. Kerns, George Watts and W. G. Henry will deliver addresses on the right of free speech and of free assembly tonight at the intersection of Second South and State streets.

The soldiers are incensed because the Socialist speakers have been attacking the army in their speeches.

OILED ROADS CAUSING TROUBLE FOR AUTOMOBILES

Salt Lake, Aug. 24.—Automobile tourists who frequent the highways of Westchester county and Long Island are complaining bitterly of the method of oiling the roads "by the highway officials. It is a well-known fact that automobilists, as well as the residents along the highway, are anxious to solve the dust problem in the most feasible way, but this is not accomplished by putting barrels of crude oil upon the highways in a most extravagant manner, expecting that this will lay the dust and make a fine road way.

Many complaints have been received at the Touring Club of America by automobilists who severely condemn this reckless method of oiling the roads by some of the highway authorities. One member who has experienced the misery of driving over these oil-soaked and sticky roads said, in discussing the subject:

"Leading road experts, as well as intelligent highway officials, agree that crude oil, when poured in an extravagant manner upon the roads, is actually injurious to the vehicle using the highway. This is true not only of automobiles, but also of horse-drawn vehicles as the oil being thrown upon the vehicles will leave unsightly stains and possibly remove paint from them. In his early life he took part in Shakespeare's plays, but his favorite ones were "Rip Van Winkle" and "Monte Cristo." He came to Salt Lake seventeen years ago and for several years played in the old Lyceum theater.

Mr. Breyer was married after coming to this country, and under his teaching his wife, Mrs. Nellie Drury Breyer, also became well-known in theatrical circles. She will be remembered by residents of Salt Lake as a member of the Utah Stock company, which played where the Shubert theater now stands. She died five years ago.

About twelve years ago Mr. Breyer had a severe attack of pneumonia and had been in poor health from that time. His mind, however, remained clear and his memory good, and he had spent the last ten years in reading and study. After the death of his wife he had resided with his daughter, Mrs. G. C. Calvert of this city.

Six children survive Mrs. Owen Davis, wife of the theatrical actor by that name; William Breyer, living in New York; J. S. Breyer of Atlanta, Ga.; Mrs. Andrew Arnold and Miss Nellie Breyer of Lovell, Wyo., and Mrs. G. C. Calvert, who is the wife of G. C. Calvert, a musician of this city.

Funeral arrangements have not been made.

S. H. BROWN, CO.

151 Thompson's court, Monday afternoon of general debility.

Mr. Breyer was a native of Scotland, having been born in Wlpton, Gallowayshire, on August 1, 1835. Being of a family of actors, who had been before the footlights for over two hundred years, Mr. Breyer took to the stage early in life, an occupation which he followed until his health compelled him to leave it about ten years ago. He came to this country from England when he was still a young man and made his first appearance on the stage here in the company of William J. Florence, who made such a brilliant success in "The Almighty Dollar." After that he played in all the large cities of this country, being at different times with Edwin Booth and Lawrence Barrett. In his early life he took part in Shakespeare's plays, but his favorite ones were "Rip Van Winkle" and "Monte Cristo." He came to Salt Lake seventeen years ago and for several years played in the old Lyceum theater.

Mr. Breyer was married after coming to this country, and under his teaching his wife, Mrs. Nellie Drury Breyer, also became well-known in theatrical circles. UTAH INDIAN LAND OFFERED AT AUCTION

All lands on the Utah Indian reservation which were thrown open for settlement on July 14, 1906, and which have not been filed upon by August 28 will be sold at public auction on November 1 under the supervision of James W. Witten of Provo. The sales will be in tracts of 160 acres each, except where owners of adjacent tracts shall request the offering of small acreage.

No person shall be permitted to purchase more than 640 acres in his own right, and the price shall not be less than 50 cents an acre. The entire purchase price must be paid to the receiver of the Vernal land office, temporarily located at Provo, before 4:30 p. m. on the second day of the sale, and any person defaulting his payment shall lose all rights to the land purchased and will not be permitted to bid on any other land during the sale and the land upon which he defaulted will again be offered for sale.

The superintendent of the sale is authorized to make such rules and regulations governing the sale as are proper and may postpone the same from time to time.

Full details for the construction of a folding card table are given in the September number of Popular Mechanics.
